- Newly qualified stroke nurse programme.
- Community services.
- Education and stroke.
- Mindfulness.
- Alternative therapies in stroke.
- Amaurosis fugax.
- TIA.
- Neuropsychology rehabilitation.

Other comments

- Difficult to hear speakers and questions.
- Mostly related to acute /hospital care.
- Room very warm.
- Speakers covering visual aids - tables too far off to side of room.
- ? Review room layout, chairs only.
- Additional water on tables especially during the morning session.
- Glad other venues are being considered.
- Not enough food for number of delegates.
- No healthy options available.
- Poor catering after staying for AGM.
- Dietary needs specified when applying but not available on the day.
- Not enough time to visit exhibitions or network/digest information.
- Venue staff not available to attend to needs.
- Chairs uncomfortable.
- Literature\presentations on topics to allow for consideration of potential questions.
- Coffee late.
- ESD very generic across Scotland and not stroke specific disappointing.
- Thrombectomy service presentation very interesting.
- Jennifer was excellent and relevant, Inspiring (Lucky St Georges!).

Scottish Stroke Nurse Forum Conference 2019

Feedback

- Terry Quinn thought provoking.
- Future thrombectomy services will be pertinent to us all.
- Exciting times for stroke and nurses expanding their role.
- Enjoyable and interesting.
- Interesting to hear work that has gone into making thrombectomy happen.
- Enjoyed interactive sensory workshop, was informative and broke up the programme.
- Loved patient story.
- Think it's time to move due to catering issues – not first time problem.
- Well organised, good presentations and very useful.
- Overall good varied programme.
- Presentations for other MDT colleagues e.g. SLT.

Venue Suggestions

Suggestion for next year conference some people put two choices , this is reflected that in the figures.

Others suggested as other venues which I added

There were several comments related to convenience of Perth as a location and being easy to get to.

One comment stated 'It's all central belt based as usual'

Some suggested that they would be happy with Peebles or Crieff if funding to stay over was available
